Message from the Nurse

We have been made aware that a number of children in Doha have hand, foot and mouth disease at the moment. Please note that if your child appears to have any sign of

- rash
- ulcers
- spots
- itching

do not send him/ her to school until they have seen a doctor. Thank you.

The School Council met this week and decided that our first campaign will be to try to reduce the amount of waste and rubbish created in school. We discussed how we might introduce recycling in school, and reuse resources instead of throwing them away. We would love to hear ideas from pupils before our meeting next week, so why not email us at school.council@sherborneqatar.org?

The photograph below is a long lens view from the balcony above the front door. It shows a 'planes of distance' effect which is used to teach children about aerial or atmospheric perspective.

Trilogistics

The representative of Trilogistics is in school every Thursday from 7.30 until 1.30 if you have any queries about the school bus service.
