

## Parents' Weekly Notices

Thursday 5 January

### Key Issues Update . . .

The contactors report that they are about a week behind with the new road. The graded section of the link road has now been graded. The new entrance off the Durkhan highway is not quite complete but it's close to completion. We will advise parents as soon as it is completed and you will then be able to use the new route down to school. We thank you for your continuing patience over this.

The new school catering provision is now ready in principle but the start date has been postponed by two weeks to Sunday 29 January. This is because there is a great deal going on at the moment and we just need a bit more time to put everything in place so that we can get this important new venture off to a good start.

There is no more news on land and the annexe but things are happening behind the scenes.

### Please Note . . .

Many thanks to everyone who has already completed the survey on the proposed breakfast and tea club. If you haven't already done so you can use the link below and there are also paper copies available at the front desk in school.
